4. CONSENT CALENDAR

All items on the consent calendar are considered ministerial or non-substantive and subject to a single motion approval. With the concurrence of the Chair, a Board member may request discussion of an item on the consent calendar.

A. Authorize President to Sign Agreement with Carbon Cycle Institute (CCI).

CCI has awarded a grant to the Napa RCD in the amount of \$15,000 to support the development of a proposal for a North Coast Regional Carbon Farming Hub that includes a plan and budget for the geographic area encompassing Lake, Marin, Mendocino, Napa, and Sonoma Counties. The timeframe for this agreement is: August 24, 2019 – February 15, 2020.

B. Authorize President to Sign Agreement with the California Association of Resource Conservation Districts (CARCD).

CARCD was awarded a grant from the Wildlife Conservation Board for the project “Enhancing wildlife habitat and carbon sequestration on California’s working lands.” The RCD was listed as a subrecipient of that grant, and wishes to enter into a contract with CARCD for \$53,985 to be able to create Conservation Carbon Farm Plans and develop conservation practice designs that will provide wildlife-enhancing, climate-beneficial management options for producers on working landscapes in Napa County.

C. Authorize Executive Director to Negotiate and Sign Agreement with The Regents of the University of California for a Project to Stabilize the Aikawa Pond at its McLaughlin Reserve (Reserve).

The Reserve was impacted by catastrophic wildfires in the summer of 2015 followed by extreme rainfall and flooding in the winters of 2016 and 2018. This sequence of disasters has caused widespread problems with mudslides and erosion. In order to mitigate the risk of additional mudslides and erosion the Reserve wishes to obtain services from the RCD to stabilize the Aikawa pond channel in Napa County. The RCD will serve as project manager and administrator of the pond channel stabilization work to be completed this year ahead of major rainfall events. The project budget will be approximately \$35,000.

D. Authorize President to Sign LandSmart Agreement with Pina Vineyard Management.

The RCD desires to enter into a Professional Services and Right-Of-Entry Agreement with Pina Vineyard Management to prepare 13 LandSmart Plans for \$11,193. This dollar amount exceeds the threshold of \$10,000 under which the Executive Director is authorized by Resolution 2019-03 to enter into such agreements on behalf of the RCD.

Staff requests that the Board authorize amending the approved FY 2019-20 Level and Step Schedule such that the position title "Forester" is replaced with "Forestry Program Manager" with no other changes being made to salary step levels. The California Board of Forestry and Fire Protection requires that use of the classification "Forester" be reserved only for those professionals who are registered and licensed in the State of California, and Amanda Benton does not yet have her California license.
