

# Watershed Explorers

2nd-8th Grade  
Building Environmental Awareness

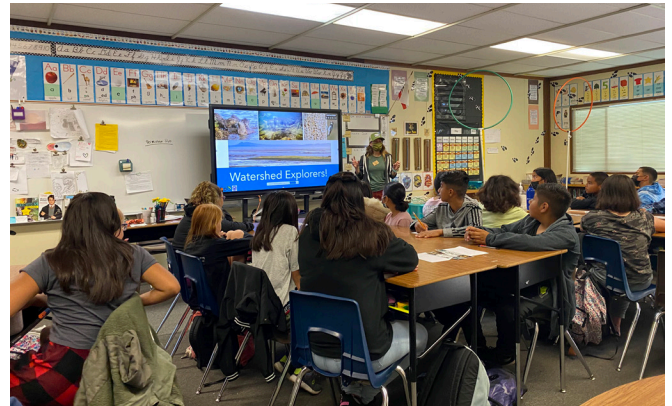

Connect to the environmental wonders of Napa County through local and hands-on investigations

Programming made possible by

## What is Watershed Explorers?

- 75-90 minute presentation and outdoor activities
- Hands-on investigations of real-world scenarios
- Walking and off-campus field trips available!

## Watershed Explorers Goals:

- Students are aware of their ability to improve the health of their local environment
- Students can describe and model how pollution impacts their local environment
- Students are able to identify local bodies of water and how water flows through Napa County

## Activities include:

- Building a Sense-of-Place: How does water shape my local environment?
- On-Campus Litter Survey: What's polluting my school?
- Local Field Trips: What can I discover about my home watershed?
